

Radio and Television Network WeChat Unsubscribe

How to set up a WeChat subscription notification?

To set up a WeChat subscription notification, use the One-off subscription option in the WeChat Official Account backend editor. Users subscribe once and the corresponding WeChat Service Account can send one subscription notification at any time.

What is a WeChat subscription account?

WeChat subscription accounts are content-centric profiles focused on information dissemination and brand awareness. They have a separate folder on the platform's chat interface and do not appear alongside messages from a user's friend. The primary purpose of these official WeChat accounts is to share consistent content with their audience.

How many articles can a WeChat subscription send a day?

With a WeChat Subscription account, you can send one message daily containing a maximum of six articles per push notification. On the other hand, a service account has a limit of four push notifications and allows up to eight articles per publication.

Can I subscribe to WeChat push notifications?

Yes, WeChat users--both followers and non-followers--can now click your CTA button/widgets to subscribe to your brand's push notifications with WeChat subscription notifications enabled on your Service Account.

Are WeChat subscription notifications better than SMS notifications?

WeChat subscription notifications can reach any and all users, which is equivalent to the outreach coverage of SMS notifications. Content tends to be visually richer on subscription notifications than on SMS notifications, allowing brands to save the cost of SMS messaging when making the switch.

Which WeChat account types are available during registration?

2 WeChat Official Account types are available during registration: Subscription or Service account. Here are the pros and cons of each.
